Globe Inn,
YORK ST., NEAR THE DIAMOND,

GETTYSBURG, PA.—The undersigned would most respectfully inform his numerous friends and the public generally, that he has purchased that long established and well known Hotel, the "Globe Inn," in York street, Gettysburg, and will spare no effort to conduct it in a manner that will not detract from its former high reputation. His table will have the best the market can afford—his chambers are spacious and comfortable—and he has laid in for his bar a full stock of wines and liquors. There is large stabling attached to the Hotel, which will be attended by attentive hostlers. It will be his constant endeavor to render the fullest satisfaction to his guests, making his house as near a home to them as possible. He asks a share of the public's patronage, determined as he is to deserve a large part of it. Remember, the "Globe Inn" is in York street, but near the Diamond, or Public Square. SAMUEL WOLF.

Railroad House,

NEAR THE DEPOT,
HANOVER, YORK CO., PA.
The undersigned would respectfully inform his numerous friends and the public generally, that he has leased the Hotel in Hanover, near the Depot, formerly kept by Mr. Jeremiah Kohler, and will spare no effort to conduct it in a manner that will give general satisfaction. His table will have the best the markets can afford—his chambers are spacious and comfortable—and he has laid in for his bar a full stock of choice wines and liquors. There is stabling for horses attached to the Hotel. It will be his constant endeavor to render the fullest satisfaction to his guests, making his house as near a home to them as possible.—He asks a share of the public patronage, determined as he is to deserve a large part of it. Remember the Railroad House, near the Depot, Hanover, Pa. A. P. BAUGHER.

The Battle-field.

CONFEDERATE MARKED DEAD
ON THE GETTYSBURG BATTLE-FIELD.

The following is a list, just revised, of the Confederate dead still having legible marks, on the Gettysburg Battle-field, as furnished us by Dr. J. W. C. O'Neal.

The list has been gotten up for the purpose of enabling relatives to recover their dead with certainty, thus saving them the trouble and expense of a fruitless search after those not marked. Dr. O'Neal has no direct or indirect interest in this matter, and is moved only by a common feeling of humanity:

☞Constant occupation prevents temptation. Virtue and happiness are mother and daughter. God gives every bird its food, but does not throw it in the nest.—An able man shows his spirit by gentle words and resolute action; be neither hot nor humid. A man is never so apt to be crooked as when he is in a strait. Our real wants are few. The stomach tires of everything but bread and water.—There is one good wife in the country; let every man think he hath her. A woman's tears soften a man's heart; her flattery, his head.

Selected Poetry.

THE LILY AND THE VIOLET.

A little star fell from the sky,
Upon a summer's morn,
It fell beside a silvery lake—
A lily cup was born.

The mists of heaven had formed at night,
A tiny drop of dew;
At morn it vanished from the sight,
And left a violet blue.

A modest violet hung its head
Close where the lily grew.
"You'll be my sky," the lily said,
"I'll be a star to you."

The sister stars kept watch by night,
And heaven sent drops of dew,
To cheer the lily cup so white
And kiss the violet blue.

Agricultural & Domestic.

THE ROADS.

Roads that have not already been repaired, should be attended to without delay. The corn will soon demand almost constant cultivation, and hay-making is not far off. Then the time for road work will have passed by until fall, and fall repairing, everybody knows, is generally of little account—three day's labor done at that season not being as effective as one in the spring.

This, then, is the time to get the roads in *good* order, and *have them stay so.*—Let the drains be re-opened, side gutters made where needed, stone bridges and rough places covered with gravel or earth, always managing to *keep the centre of the road high*, and a work of profit, of comfort, and humanity will have been done.

Strangers are largely impressed with a country by the condition of its roads.—We have as picturesque a county as there is in the Commonwealth, and in an agricultural point of view it is attaining a front rank. Our roads, too, are, as a general thing, getting better; but there is no reason why they should not be *among the best*, and we write this article with a view to impressing upon supervisors and all others throughout the entire county, the importance of bringing them up to the highest standard.

Do the work—do it *well*—and do it *NOW!*

RAINY DAYS.

Farmers, more than any other class of men, perhaps, are very apt to say cleverly to themselves, when they awake in the morning and find it raining:

"Well, let it rain, I don't care much. There is nothing very hurrying on hand. I can rest to-day."

Now, that is a mistake—that "nothing very hurrying." All days are hurrying days, just at this particular season. Take a look into and through the tool department. The probability is there will be found work for two or three rainy days—work that is hurrying too. Just as likely as not there is the horse-rake, put by in the condition it was used last—a tooth wanting, and one of the handles loose. Put that rake in working order. Then there is the mower—precisely as it was rolled in here after last season's harvesting, the cutters dull as an old hoe, a guide or two missing, a rod bent, several nuts loose, and the seat ricketty. Grind up cutters, straighten rods, put in new guides and secure the seat. You will want the machine afield in a few days. Look along further among the farming implements—you will find plenty to occupy you and a hired man or two besides. Never idle away a rainy day, particularly in haying and harvesting time. There is always enough to be done if you'll only look it up.

PRUNING FRUIT TREES.

We find some excellent suggestions on the subject of pruning fruit trees, by J. T. Elliott, of Grand Rapids, Mich. They accord exactly with what we have said over and over again for many years in these columns. His communication is dated May, and he begins thus: "The season for trimming fruit trees is approaching," and then goes on as follows:

"We all remember the old apple and pear trees, where (New-England) we had to be 'boosted' to reach the lowest branches; and coming out here, we have imitated our fathers' follies, and fared worse than they. They pruned in February and March, and we have known no better. Letting go all discussion of what *their* interests may be—and looking at home—all experience I hope will not be lost on us, and *that* experience all points one way. *Prune while the wood is growing if you wish the scars to heal quick and sound. Say in June.*

"Limbs that grow close together, and parallel, and that cross' must have one of them removed. The formation of crotches must be avoided, or else we lose more or less of trees by spliting down when they get to bearing. If practical, establish a leading branch, and grow laterals at intervals. Some will need little, and other sorts much cutting."

Mr. Elliott also advises to grow heads low, with the lower branches not over two feet, if possible, from the ground. They stand the high winds better, are handsomer, and the fruit is more easily got at. If the plow cannot approach the tree in consequence of this system of growing, so much the better, as a plow never ought to get near a fruit tree. All this is sound doctrine. Low-branched trees also protect their trunks against the hot sun of summer, which sometimes is very injurious, as well as, to a certain extent, against the freezing and thawing process of winter.

There is a marked difference between the amputated limbs of trees that have been operated on respectively in February and June or July. The first often show, especially where the limbs are of any considerable size, a black stump, which never changes, except to decay; while those of the latter readily heal over, and present a neat appearance. Besides, early summer pruning insures fruit buds, while spring pruning gives us only wood.—*Ger. Tel.*

TALKING WHILE MILKING.

We have seen it noticed somewhere, that talking while milking is not good—that a cow will give less milk, etc. We think we can say we have had experience in this way. It comes under the head of quick milking; not only that, a skittish cow will be uneasy where too much ado is—where another person is present, especially a stranger. We think we have seen a decrease of milk where a talking person is present. We prefer milking alone, and as fast as possible. Quietude and contentment are great qualities in a cow. A wild cow is not generally a good one. If she is, she will be much better when tamed and domesticated.

LET THE LABORING WHITE MEN READ!

There is to-day in this broad land, says a cotemporary, many an earnest, honest, hopeful working man, breasting the waves of adversity, his stout heart clinging to the picture he sees away off in the far future, of a home of his own, purchased with the savings of his weekly toil. To be sure, to-day he has no savings; the great war debt, with its taxes upon him, eats up all his little surplus. The enhanced price of the necessaries of life, growing out of the paper currency—the financial shinplaster curse upon him and his—he has to stagger under. He has no surplus now; but he hopes on and hopes ever. He sees the little home, and the school-house, and the church, and his weekly news journal, and a decent wardrobe, and three good meals a day for him and his—a beautiful dream, away off in the far distant future. For the present, all is dark and gloomy, and if it were not for hope his heart would sink within him. He struggles on in poverty and self-denial; his children are ragged and ignorant; he works and earns his ten or twelve dollars per week, but the landlord and the butcher, and the baker and the coal dealer, take all his money—for are they not taxed, doubly taxed, trebly taxed, and he has to foot the bill. He realizes that he, as a consumer, must suffer through these taxes; that the people must bleed at every pore, but for what? Let the complaining taxpayer, who cannot educate his children and feed and clothe them as formerly, read and judge for himself.

The Negro Bureau wants, according to the bill reported by Mr. Stevens, $11,584,500, for Negro necessities down South, the coming fiscal year. What a sum!—almost equal to the entire cost of supporting the Government of the United States thirty years ago! Negro commissioners, $47,500; negro clerks, $12,800; negro printing and paper, $63,000; negro fuel, $15,000; negro wardrobe, $1,750,000; negro food, $4,106,250; negro doctoring, $500,000; negro railroad riding, $1,080,000; negro school marms, $21,000; negro school houses, $300,000; negro telegraphing, $18,000, etc., etc.

Working white men of the North, your families are made by the present party in power white slaves. Your task is placed before you, and is so plain that you cannot mistake it. You are to toil and sweat so that the negro may have $11,584,500 in comforts, though you and yours die on the roadside through the labor which alone gives this vast sum to the lazy, worthless black race of the South: You need not memorialize the State Legislature for an eight hour a day law. It will be in vain for you to expect higher returns for your labor. You will be compelled to work longer and take less pay per day for it than ever, in order that four millions of indolent, good for nothing negroes may be maintained in idleness at your expense.

Since the formation of the Government up to the present hour, the work of Democrats has always been to repair the political and social damage the old Federal or Tory factionists, whenever they got into power, have uniformly perpetrated. Democratic administrations have always righted the abuses which the innate corruptions of their political enemies, when by accident or chicanery they obtained the reins of Government, always committed. The great reform, we trust, will commence with the present year; but the job in the Augean Stables in former times was child's play to the work now on hand. While the blunderers financial, moral and political, disgrace the whole country and are bringing ruin in their train, the true reformers should not be disheartened, but should put their shoulders manfully to the work, and again, as in time past and gone, endeavor to get the old Ship of State once more on the right track, with a Democratic pilot at the helm and a Democratic crew on board.

THE TRUTH AT LAST.

We find the following in the New York *Times* of Friday week, and beg to direct to it the especial attention of our readers:

The vast majority of Southern people embarked in the rebellion. They will certainly direct and shape the public opinion there. They embarked in rebellion under the strongest convictions that they could not live with us as a united people. In my opinion, while the institution of slavery continued to form their habits and national character, *they were right* in regarding the differences between us as irreconcilable and irrepressible.

It is impossible for us of the North to understand that the Southern people were sincere in their convictions, and *when this fact is admitted, is it not plain, that there were no means of settling our differences except by resort to war?*

The Supreme Court had no jurisdiction by which to penetrate the hearts of Southern and Northern men, and assimilate the hostile ideas which were fixed there by the opposing systems of slavery and freedom.

It was idle to attempt the reconciliation of irreconcilable ideas in Congress.

There was no alternative but war, the last and final arbitrament for national disputes and differences.

In that resort to war the whole cause of difference was involved and stated.—If we of the North had failed in the war, we should have been constrained to concede that slavery and its incidents and consequences in the formation of Southern society had been confirmed and established, and must prevail throughout the country as the condition of renewed union.

Southern men knew that their defeat involved the destruction of slavery and its consequences.

We all know, North and South, that the attempt to reorganize the opposing systems of free and slave society under our government is madness, because it must rekindle civil war.

Is it impossible for us of the North to understand that the men of the South, who went into the rebellion and fought us with the utmost determination, knew exactly the interests at stake? Of all others they knew best what they were fighting for, and the consequences of victory, either way. When they surrendered they knew that they surrendered slavery. There are thousands of Southern soldiers who were earnest and sincere in the war, and who, if we will let them, will be earnest and sincere in submitting to the conditions of defeat, so far as defeat involved the abandonment of slavery, which was the cause of war.

It is idle to ask for repentance, in addition to submission. No earthly power can command it during this generation. To profess it would be hypocrisy.

Who is it that writes these words of truth? Who is that dares to state with candor and precision in this heated atmosphere of ours realities as to the past and present that every one in his heart recognizes? It is no less a person than General Martindale, once a gallant soldier in the Federal army, and now the Republican Attorney-General of the State of New York, chosen at the last election.—The extract we give is from a long letter addressed to Senator Sherman in opposition to the disfranchisement clause of the Reconstruction project. Such language and opinions from such a source are the most encouraging sign of change in Northern sentiment that we have yet detected. They are of infinitely more value and interest than Mr. Seward's roseate rhetoric, or Stanton's acquiescent grumbles. Here is a Republican soldier who says that in his opinion the South could not help fighting, and "were right" to fight; and he honors them for fighting bravely and "with the utmost determination." He acknowledges "the sincerity" of the South, and he says, with honest emphasis, that after all they have done and endured and suffered in this sincerity, for the South to profess, now, suddenly to love us, would be rank hypocrisy. Such language we Democrats—we who pray and hope and labor for reconciliation, might hesitate to use; but surely from such an orthodox source we may be permitted to quote and to adopt. The concession of General Martindale, not merely that the South was sincere, but that there was no alternative for them but the arbitrament of war, brushes away at once all the absurd theories which so long perplexed legislation and executive action as to a rebel oligarchy which precipitated the masses into war. It recognizes the revolt as a popular movement. Such it was, and now when as such it has failed, surely the same logic leads to the result that minute penalties and individual proscriptions should not be visited on the revolt of a whole community.—*Age.*

PIOUS STRATEGY.

The strategy by which men sometimes get into office, even in religious organizations, is illustrated by a correspondent of the Columbus *Statesman*, who writes from the Old School General Assembly at St. Louis, as follows:

Dr. Stanton is moderator. He is a most unrelenting radical. He was recently professor to Danville, Kentucky, Theological Seminary. His presbytery refusing to send him to the General Assembly, he got dismissed from it to a presbytery in Ohio, which was as radical as himself, and so in this way secured his appointment to the Assembly. Nor is this all.—A convention, through him and others, is called to meet in this place two days before the Assembly to cut out radical measures for the Assembly to mature when it subsequently met, and, lo and behold! one thing determined on by this "convention for prayer" is the election of Dr. Stanton to the moderatorship of the Assembly. So there he now sits by this pious strategy. His competitor was Dr. Gurley, of Washington city, the pastor of the late President Lincoln. The loyalty, piety and charity of the doctor may be inferred from the following: Not long since, in a public speech in this synod, he is reported to have said: "I hope to meet Drs. Palmer, Robinson, Wilson, &c., in heaven, but not till after they have been hung, and I first having the pleasure to adjusting the rope." And this man is called to preside over the great General Assembly of the Presbyterian Church in the United States. *O, tempora, O mores!* to what are we coming. But enough.

The Compiler.

GETTYSBURG, PA.:

Monday Morning, June 11, 1866.

FOR GOVERNOR,

HON. HIESTER CLYMER,

OF BERKS COUNTY.

VILIFYING THE SOLDIERS.

The Republican newspapers have been manufacturing all kinds of base lies in regard to the recent strong movements of the soldiers in favor of Clymer and Johnson. No epithet has been too harsh to be applied to the brave men who participated in the large meetings which have been held in a number of counties. That these radical sheets will lie on the slightest provocation is well known. Falsehood and vulgar vituperation are their chief stock in trade. The York meeting, which was the first of the kind held, has especially excited their ire. They have misrepresented it in every possible way. The *Gazette* comes to us this week with a full refutation of every charge made. It defies any man to show the name of a single individual out of the whole long list who was not a soldier, or one who did not voluntarily sign the call for the meeting which was so great a success.

THE FENIAN INVASION.

The Fort Erie invasion of Canada by the Fenians has failed. After an engagement, on Saturday week, with a force of Canadian volunteers, in which the latter were worsted, quite a number being killed and wounded on both sides, the Canadians were reinforced, and the Fenians compelled to fall back on American soil, where they were arrested by the U. S. authorities, for a violation of the neutrality laws.

Fenian rumors are still abundant, and the prediction continues to be made that an imposing Fenian invasion of Canada will yet take place, at no distant day.—The Canadian and United States troops are both in force at all exposed points along their respective lines of frontier. Moreover, a Presidential proclamation has been issued ordering the arrest of all persons engaged in the actual violation of the neutrality laws. The rank and file of the Fenian invading force who were captured and held as prisoners by the United States authorities have been released on their own recognizances. The officers have had a hearing and are to be released on giving bail to answer at some future day such indictments as may be found against them.

Col. Roberts was arrested at New York on Thursday, under direction of United States Marshal Murray. He declined to give bail, and was released until to-day on his own recognizance.

Gen. Sweeney was arrested at St. Albans on Thursday. Gen. Spear escaped arrest by leaving his quarters on horseback at midnight. A number of prominent Fenians have been arrested at St. Louis, and other points.

LATER.—A despatch to the Boston *Herald*, from St. Albans, states that a body of 1200 Fenian troops advanced into Canada on Wednesday. St. Johns was supposed to be the first objective point, where another column was expected.

MASS MEETING AT FREDERICK.

A grand mass meeting of the friends of President Johnson will be held in Frederick, Md., on Saturday next. Senators Cowan, Hendricks and Norton, Gen. Rosseau and Green Clay Smith, of Ky., James Brooks, of New York, Judge Black, of this State, with a number of eminent Maryland speakers, are announced for the occasion. A very large gathering is anticipated.

☞The Johnson meeting at Hagerstown, on the 6th, was, we hear, a grand demonstration.

☞Every third Republican you meet professes to be opposed to Negro Suffrage. So far so good. Now, who is the representative of the Negro Suffrage party in Pennsylvania? Who will be supported by Thaddeus Stevens, Wm. D. Kelley, John M. Broomall and the balance of the Negro Suffrage Congressmen, for Governor of Pennsylvania? The answer is, without the shadow of a doubt, John W. Geary. How, then, can those "Republicans" who are opposed to Negro Suffrage, vote for Geary for Governor?

☞President Johnson has appointed Col. Andrew J. Fulton, of York county, Assessor of Internal Revenue for the 15th District, in place of Horace Bonham, disunionist, removed. Let the good work go on until every disunionist is ousted from office. President Johnson is "still in the field," and those who endorse the treasonable doings of the Rump Congress must get out of the way.

☞The U. S. District Court was opened by Judge Underwood at Richmond, last Tuesday. The counsel of Jeff. Davis appeared, and asked his immediate trial. The Court, however, on the next day, adjourned until October. It is now rumored that Davis will shortly be released on parole.

☞Messrs. Bratton & Kennedy, of the Carlisle *Volunteer*, will commence, on the 6th of July, the publication of a campaign Clymer paper, to be called the *Caucasian*. It will be conducted with ability and spirit.

☞The "loyal" papers of York and Cumberland counties are denouncing the soldiers who prefer Clymer to Geary, as "deserters," "bounty-jumpers," and "drafted men." What say the drafted men of Adams to this?

☞The New York *World* gives a summary of such intelligence as it has received in relation to the crops, and remarks that making due allowance for the well-known fact that unfavorable reports are the rule and favorable ones the exception during spring, when great anxiety is felt and farmers are disposed to look only on the dark side, it may justly be said that the prospect for an average crop of wheat is as good as usual at this season; and, taking the Central and Southern States into the account, better than for any year since 1861.

Fire at Carlisle.—We learn that a portion of Rheem's Hall, Carlisle, was burnt on Tuesday night. The fire is supposed to have originated through an incendiary.

☞A new paper is about to be started in Boston, to support the President's Union policy.

BREAKERS AHEAD.

"An Old Republican" writes the following to the Pittsburg *Commercial*—the leading Republican paper of that city;

"Will the Convention follow Stevens, Sumner, Wade, Butler and Schurz; or the President, Seward, Stanton, Grant and Sherman? If the counsels of the former are to be adopted, and their principles incorporated into the party creed, it will not be very important who should be nominated for the Legislature or county offices. The ticket will be doomed to defeat from the day it shall be made. If the teachings and advice of the latter be received and followed, we shall have peace and Union, strength and success.

"*We cannot succeed this fall on the Reconstruction Committee's plan.* We do not deserve to succeed on such a platform. We can succeed if Congress will, without delay, admit the *loyal* members elected from Tennessee, Arkansas and other States, to seats in that body, excluding all who have been disloyal and traitorous. We cannot defend ourselves for excluding loyal men, on any satisfactory ground. * * *Let not the coming convention repeat the insane folly of the Harrisburg State Convention.*"

There is a considerable amount of sound, sober sense and truth in the above, but what avails it to talk reason to cormorants gorged and stupid with their plunderings, or to crazy fanatics who think the world turns upon their theories and "plans?" The convention alluded to has been held, and it *has* repeated "the insane folly of the Harrisburg State Convention" of the 8th of March, by endorsing Geary, the Rump Congress and Disunion! Let the reader draw the inference.

☞For the last four or five years, the country has been assured by the organs of the Republican party, that any one who opposed the measures of the Administration was a *traitor*, and worthy of a traitor's doom. To "support the Government" was declared to be the duty of the citizen; and this support of the Government meant a blind acquiescence in everything the President might choose to do. No matter what new proclamation President Lincoln might issue, or what course he took it into his head to pursue, everybody must approve it, or be consigned to some military prison. We always considered the doctrine as only fit for cowards and slaves, but it was the *creed* of the Radicals. Now, however, we have a right to hold them to their own principles; and unless they were hypocrites and liars during Lincoln's administration, they deserve, every man of them, to be sent to a bastile, for since abusing President Johnson's administration.

☞The Philadelphia *Daily News*, a Republican newspaper, which is as well known as any in this State, very plainly intimates that General Geary does not stand a shadow of chance of being elected. It declares that thousands of sensible Republicans know that the platform on which he stands will be repudiated by the people of Pennsylvania and the candidate with it.

For the Gettysburg Compiler.

☞Col. Wm. Louis Schley, the candidate of the Radicals to fill a vacancy in the City Councils of Baltimore, was badly beaten, he having received but *four* votes in his immediate election district. This, considering the fact that the regiment he commanded had been raised in Baltimore, shows his men did not appreciate his services, but "all shall receive their just recompense of reward." And so will Geary, the Tyrant, in the coming campaign. C.

The Disfranchisement of Deserters.—The Supreme Court having adjourned without announcing its decision as requested by the Governor, through the Attorney-General, on the constitutionality of the act of Congress disfranchising deserters, the bill passed at the late session of the Legislature for carrying into effect the law of Congress, has been approved by the Governor, that immediate preparations of the records and certificates required by the act may be commenced and time afforded for the correction of errors in the record.

Correspondence of the Gettysburg Compiler.

LETTER FROM CLEARFIELD.

NEW WASHINGTON, Pa., May 24, '66.

MR. EDITOR,—*Dear Sir*:—I have been *travelling* in the western counties of Pennsylvania for some time past, and have observed not a few things; and my observations in politics show that Clymer is the "coming man," and that President Johnson is steadily gaining ground.—Stevens & Company are, in fact, played out. *I meet almost every day with conservative Republicans who can not sustain the nigger suffrage policy of the present Rump Congress.* They are determined to sustain the President, and are going to vote for Clymer for Governor.

The people of Clearfield and Cambria counties are rapidly organizing for the coming contest. I have been to several Democratic meetings during the past week, and the way the people appear to be interested in this matter, shows that they intend doing something this fall. The leading Democrats say they will give the heaviest majority that was ever given in Clearfield.

I have also met with some persons that saw the Bastiles of Abraham during the reign of Black Republicanism. They were torn away from their homes without any cause except being good Democrats. The way the arrests were generally brought about in this county, was, when there were two persons in the same business, one a Democrat and the other a Black Republican, the Pub. would commence to howl, and then inform the military, and they would have him taken to some loathsome dungeon, and *there left* to the mercy of rats. However, some of them got home at last, and some never. But since President Johnson is running the machine, things have changed considerably. Democrats are getting ready to retaliate. They are asking Pubs. to sing and cheer for Johnson. There was *also a committee waited on an Abolition* Preacher, and wanted him to pray for the President.

We had no rain for four weeks, and crops look dried up. H.

From the Phila. Sunday Mercury.

THE CITY PASTOR AND HIS WORK.

The Rev. Wm. McElwee, *alias* the City Pastor, whose exploits are well known, is a native of Ireland, and pursued his studies for the ministry in this country. He was enabled to prepare himself for that work through the kindness of the members of Dr. Dale's church (United Presbyterian.) He was admitted to the ministry and stationed at Gettysburg, where he had a row of some kind, which induced his return to this city. The C.P. rewarded the kindness of the United Presbyterians in educating him for the pulpit by deserting them and taking a situation as minister in charge of an Old School Presbyterian Church.

We have given the files of our contemporaries a careful looking over, to discover what this individual has been about.

In his valeditory, dated February 17th, 1866, and published by him March 9th, we find the following. These statistics relate to two months' work:—"Families aided, 3,000; individuals, 15,000. Receipts 800 pieces of clothing, 131 tons of coal, $4,059 64, and about $500 worth of goods and groceries." He says in this summary of the good he had accomplished, and as a parting salute to the work, "We appeal to the public for *no more* aid for soldiers' families."

On March 29th a statement purporting to have been signed by James Pollock, was published in reference to the account current, which made his cash receipt $7,548 89, and his expenditures $7,923 00 leaving a balance *due* C. P., of $374 11—which at the time, on reading, we thought a little singular.

This audited account states further that *there had been distributed 8,772 pieces of* clothing and 182 tons of coal. Groceries and food distributed, $500. The total distribution of food, money, clothing and coal amounting, he states, to 5,000.

On May 1st, James H. Orne, over his own signature, acknowledges that the C. P. received in money, food, clothing and coal, during less than three months of last winter, about $50,000.

In order to properly understand this affair, we must state that the C. P. had his accounts audited by three well-known gentlemen, whose reputation for moral honesty is beyond reproach. These auditors were the Hon. Henry D. Moore, Ex-Governor Pollock, and James H. Orne, Esq., all well-known, the first two being representative men in the State at large. Any statement from either of these gentlemen would pass current in Philadelphia. There is no doubt that they audited the books of the C. P. and all they say about them is true, but whether the C. P. kept his books properly is entirely another matter. Certain it is that when Mr. Chas Perkes, an honest industrious mechanic, audited the account of Mrs. H. D. he found that it footed up the sum of $60.

Not a word was said *at that time* of the $21 50, subsequently discovered by the local editor of the *Press*, as having been acknowledged by the C.P. in his published communications in that paper. This omission by the C. P. was a particular mistake. Now, in the absence of any other data, let us apply the single rule of three, in order to find out the *gross mistake.* If the sum of $81 50 exhibits a mistake of $21 50, what kind of a mistake will the sum of $50,000 show? Multiply the second and third sums together and divide by the first, and you have the answer. The gross mistake will be found to be something more than one-fourth of the whole amount. It is said that figures won't lie. The C. P. may say as much in reference to his books, but it should be remembered that the right kind of figures should be recorded in the first place. We venture the assertion that the C.P.'s books will not stand the test of legal criticism as a work of original entry. It should be remembered that Mr. James H. Orne says that money, etc., to the amount of $50,000, was received in less than three months. Now, we will leave the subject to the children of our public schools to solve, and shall publish their response in our next issue.

The following is the question we submit to them:—If the "City Pastor" made a mistake of $21 50 in a receipt of $81 50, and received in three months $50,000, what was the big mistake made in say twenty-four months; this being about the length of time he was engaged in this business. It is not our intention to hold the C. P. to scorn, ridicule or contempt; but as he neglected the pulpit (see his valedictory) and essayed to become a journalist, and in this tampered with the press, and was likely to bring it into dispute, we have said this much simply in vindication of the profession. It is to be hoped for the honor of Philadelphia journalism, that hereafter "city pastors" will be regarded with suspicion. As a gentle hint to the press men, we quote the following from Shakspeare, and hope they will profit by it:—"Aye that I will; and I'll be wise hereafter, and seek for grace. What a thrice double ass was I, to take this drunkard for a god, and worship this dull fool."

The committee said to have audited the books of C. P. of which Mr. James H. Orne is the treasurer, and a good man he is, may be introduced into the court, as the trial of the C. P. promises to be more locally interesting than any thing that has ever occurred in this *city*. It will probably take a wide range. It will then be developed how Mr. James H. Orne could publish in the "Evening Telegraph" a few days since, a statement of the balance due the C. P., while he (Mr. Orne) was in Europe and had been absent from this great city of brotherly love for more than four weeks. We think it will even puzzle Wm. B. Mann, the District Attorney, to solve this problem. If he cannot do it, where shall we look for one who can, to the satisfaction of the public.

TOWN AND COUNTY AFFAIRS.

THE CROPS.—The wheat crop hereabouts, which looked poorly before the late rains, has improved considerably since. So in some other parts of the county? But take Adams throughout, and we think the crop must be light. Something, of course, will depend on the *filling*. Should it fill very well, sections with little straw may have quite as much wheat as they had last year, when, though the straw was abundant, the yield of grain was comparatively small.

Oats promise a large yield. Corn, except the earliest planting, came up well, and the prospect, so far, is quite encouraging. Clover is short, and too far in head to be helped much by the best of weather. Timothy, however, will be good, and the same may be said of the meadows, though they are a trifle later than usual.

Apples promise a good crop—heavier than for several years,—and peaches will at least give us an average yield. In some sections of the county, we hear, both apples and peaches never promised better.

Looking thus at our agricultural "situation," whilst it is nothing to "brag of," it might be considerably worse.

MOWING MATCH.—We understand that a Mowing Match will take place on *Saturday next*, (the 16th,) at Gettysburg, at which time the Agents are requested to bring forward their different Machines for trial. It is hoped there will be no holding back, in order that the merits of the several machines may be fairly tested, and the competition made as interesting as possible. It

TOWN CLOCK.—We are glad that our allusion to the *non-going* of the Town Clock has attracted attention, and is likely to result in some immediate and satisfactory improvement. The accommodation furnished by such a public time-keeper, not only to towns-people, but to everybody from the country visiting town, is hardly to be estimated in money, and it is hoped that the Clock will not be allowed to remain in its present condition a day longer than is necessary to re pair it.

THE MONUMENT.—The Executive Committee on the Soldiers' Monument met here on Saturday, and organized by appointing Adj't. J. H. White Secretary, and Lt. Col. E. G. Fahnestock Treasurer. Canvassers for subscriptions were appointed, who will proceed with their work immediately.

BATTLE-FIELD PAINTING.—The last Legislature appointed a committee to secure a painting of the battle of Gettysburg, to be placed in the capitol at Harrisburg. The committee has contracted with the celebrated artist, Rothermal, of Philadelphia, for the work. The picture is to be fifteen by thirty feet, and will represent the battle at its crisis from Round Top to Cemetery Hill. A border of twenty inches will contain a number of pictures illustrating episodes in the three days' struggle. Several years will be required to complete the painting.

The artist will visit the ground in the early part of July, and it is thought that Gens. Meade, Sickles, Howard, Hancock, and others, with probably Gen. Grant, will be here at the same time.

SCHOOL BOARD.—The new School Board organized on Monday evening, as follows: President, T. D. Carson; Secretary, D. A. Buehler; Treasurer, E. G. Fahnestock. John Geiselman was re-elected Janitor, and Jeremiah Culp appointed Collector. The usual 9 mill tax was laid, for schools and building—allowing an abatement of 5 per cent. until the 18th of August. See advertisement for teachers in another column. Five or six new ones are to be employed, as the present incumbents will not be candidates.

RETURNED.—A number of Hanoverians who removed to the "far West," at different periods within the past year, have returned, thoroughly disgusted with the West, and satisfied that the good old "Keystone State" is the best place yet on this part of the globe.

So says the *Spectator*, and the same remark may be applied to several who went to the West from this neighborhood in the spring, and have since returned. A more desirable region than this cannot easily be found anywhere, and those who leave it generally fare worse for so doing.

LITTLESTOWN is still keeping on in the "march of improvement." Ephraim Myers, Esq., is putting up a very large brick house, (for store and dwelling,) on the corner of the Square, and several lesser ones are going up in other parts of the town. A new Lutheran church edifice is also to be erected during the summer and fall, and one for another denomination is talked of.

PIC NICS.—A grand Pic Nic is to come off, to-day, in Keller's woods, two miles from Hanover; and another on Saturday next, in H. J. Myers' beautiful grove, on the banks of the Conowago, a short distance from New Chester.

FLOUR.—The flour dealers in this place have for several weeks been purchasing their flour in Baltimore, and selling it at a less price than they could buy it from the farmers here. So it seems that water is not the only article calculated to find its level.

HARDLY FAIR.—The Hanover *Spectator* has fallen into the habit of publishing our local items under credit to the *Adams Sentinel*. Is this exactly fair?

STATE BANKS.—People need not "worry" about State Bank notes. They are just as good now as they were before the National Banking law went into operation, and will stay so as long as they are in circulation.

CONTRADICTED.—The Chambersburg *Repository* contradicts the report of the burning of Mont Alto Furnace.

☞We are informed that several persons in the neighborhood of the Two Taverns, in this county, were bitten recently by a dog supposed to have been mad.

☞The eagle recently captured in this county, and purchased by Mr. Hamm, of Hanover, was sold by him to Howe's circus company, for $45.

☞The York County Convention, to settle a ticket, will be held on the 31st of July next.

☞Several communications on hand must go over to next week.

DISEASES AND THEIR PREDISPOSING CAUSES.

I wish to make a few brief remarks upon the subject presented above, without, however, any desire to spring a controversy upon any one who may differ with me, but in hopes of benefiting my fellow beings by a little advice which may prove useful during the approaching summer. In the first place then, there are diseases that are restricted almost entirely to summer months in this latitude, and it is of a few of these that I propose to speak, as they all, as it were, belong to one family and result from common causes.

I allude more particularly to diseases of the alimentary canal, such as Dysentery, Diarrhœa, Cholera Morbus, and (excepting the unknown cause) Epidemic Cholera. I do not propose presenting any method of cure for diseases when they have once occurred, as they are best cared for in the hands of a skillful physician, but to offer some rules which, if followed, may *prevent* such diseases, by combating their predisposing causes.

Understand, then, that the human system is composed of organs, or a number of subordinate systems, whose healthy action depends one upon another, and a derangement of the functions of either produces disease. There are none of these organs that sympathize more closely with each other and exert a greater influence over the general system, than the skin, intestinal canal, and brain, and consequently whatever will injuriously affect the one, is likely to derange the others. This would apply to other organs, and consequently to other diseases, or their modifications, as well, but in this connection I will limit my remarks to the space I have chosen.

To guard the skin, therefore, from injury, I would recommend cleanliness, bathing at proper times, particularly in the morning early, and proper clothing, as vicissitudes of weather are among the most exciting causes of disease.

The stomach and intestinal canal, by proper diet. This is best regulated by the individual, who knows best what will agree with him, but a *spare* and *regular* diet is best in all cases. An avoidance of excesses of all kinds, and limited quantities of customary food, *properly chosen and prepared*, is recommended.

Lastly, the brain. Trouble from this source is best avoided by a proper attention to business, without excessive labor, mental or physical. Idleness is as likely to affect the mind and derange the nervous system, as is over exertion.

Therefore, an avoidance of all changes or excesses, whether of Atmosphere, Diet or Mental condition, and a proper regard to cleanliness, will serve to protect you from diseases generally, and those mentioned above particularly.

Public baths should be erected in our large cities and towns, and would prove much more beneficial to the community, at large, than the magnificent carriage drives that our public parks afford.

HYGEIA.

For the Gettysburg Compiler.

MR. EDITOR:—Will you allow a lady a space in your columns to express her opinion in regard to a subject which seems to be at this time agitating the minds of the people of Gettysburg more than anything else; namely, the Gettysburg Spring and what should be done with it.

I think that the recent proposal made by foreign capitalists to furnish the comparatively small amount of capital necessary to develop this spring on condition of having the entire control of the affair themselves, as well as pretty much the whole interest in it, is an insult to the people of Gettysburg, and if the gentlemen do not regard it as such I hope that the ladies will, and will resent it by calling an indignation meeting, denouncing the proposition and raising the money themselves as I believe they could do. If the gentlemen of Gettysburg have the reputation of lacking energy and enterprise, the ladies have not or at heart do not deserve it in consideration of what they have done in the way of business abroad.

Ladies who can raise enough money by subscription to repair their churches which were injured by the battle, and who can contribute thousands of dollars for the benefit of the sick and wounded soldiers, can also raise money for this enterprise, if the gentlemen cannot do it, and it *should* be raised here. Gettysburg alone should furnish ten thousand dollars and the rest could be raised in Adams county, and the adjoining towns.

It is well known that nearly every third person in the town and vicinity has been in some way benefited by this spring, which should alone induce them to subscribe; while in addition to these intrinsic merits it is said by those who profess to know that in a pecuniary point of view it would be a better private speculation than oil, Bank, or Railroad stock, in which our citizens are always so willing to invest and generally so apt to lose.

It is admitted by the best authorities that medicinal springs are designed most especially for the use and benefit of those residing in the neighborhood where they are situated, and if they do not appreciate them and suffer them to fall in the hands of strangers they do not deserve to enjoy the blessings vouchsafed by Providence.

BASE BALL.—The 1st 9 of the Aurora Club of Penna. College engaged the Hanover Club in a social game on the grounds of the latter, on Saturday afternoon week. The game lasted two hours. The latter being a new club, it could not, of course, make much headway against their more experienced opponents. The following is the result:

Homicide.—An unfortunate shooting affair occurred near Fayetteville on last Friday morning, by which a colored man named James Fennel lost his life at the hands of another colored man named Walter Fields. It seems there were some causes of quarrel between the parties, and after a few words had passed between them, Fennel asked Fields if he wished to fight. Fields replied in the negative, but Fennel persisted in keeping up the quarrel, and finally rushed on him with an axe. By some chance Fields picked up a loaded gun, with which he shot Fennel as he was rushing upon him. The wounded man was taken to the Alms House, where he died from his injuries on Monday. An inquest was held over his remains shortly after his decease. Fields has not been arrested.—*Chambersburg Repository.*

A Single Box of Brandreth's Pills

Contains more vegetable extractive matter than twenty boxes of any pills in the world besides; fifty-five hundred physicians use them in their practice to the exclusion of other purgatives. The first letter of their value is yet scarcely appreciated. When they are better known, sudden death and continued sickness will be of the past. Let those who know them speak right out in their favor. It is a duty which will save life.

Our race are subject to a redundancy of vitiated bile at this season, and it is as dangerous as it is prevalent; but Brandreth's Pills afford an invaluable and efficient protection. By their occasional use we prevent the collection of those impurities which, when in sufficient quantities, cause so much danger to the body's health. They soon cure Liver Complaint, Dyspepsia, Loss of Appetite, Pain in the Head, Heartburn, Pain in the Breastbone, Sudden Faintness and Costiveness. Sold by all respectable Dealers in Medicines.

Cholera, Diarrhœa, and Dysentery!

A cure is warranted by DR. TOBIAS' celebrated VENETIAN LINIMENT, if used when first taken by persons of temperate habits. This medicine has been known in the United States over 20 years. Thousands have used it, and found it never failed to cure any complaint for which it was recommended, and all those who first tried it, are now never without it. In the Cholera of 1848, Dr. Tobias attended 40 cases and lost 1, being called in too late to do any good.

DIRECTIONS.—Take a teaspoonful in a wine-glass of water every half hour for two hours, and rub the abdomen and extremities well with the Liniment. To allay the thirst, take a lump of ice in the mouth, about the size of a marble every ten minutes. It is warranted perfectly innocent to take internally. Sold by all druggists, price 40 and 80 cents. Depot, 56 Courtland St., New York.

Dr. Marshall's Catarrh Snuff.

This snuff has thoroughly proved itself to be the best article known for curing the Catarrh, Cold in the Head and Headache. It has been found an excellent remedy in many cases of Sore Eyes.—Deafness has been removed by it, and Hearing has often been greatly improved by its use.

It is fragrant and agreeable, and GIVES IMMEDIATE RELIEF to the dull heavy pains caused by diseases of the head. The sensations after using it are delightful and invigorating. It opens and purges out all obstructions, strengthens the glands, and gives a healthy action to the parts affected.

More than Thirty Years' of sale and use of "Dr. Marshall's Catarrh and Headache Snuff," has proved its great value for all the common diseases of the head, and at this moment stands higher than ever before.

It is recommended by many of the best physicians, and is used with great success and satisfaction everywhere.

Read the Certificates of Wholesale Druggists in 1854: The undersigned, having for many years been acquainted with "Dr. Marshall's Catarrh and Headache Snuff," and sold it in our wholesale trade, cheerfully state, that we believe it to be equal, in every respect, to the recommendations given of it for the cure of Catarrhal Affections, and that it is decidedly the best article we have ever known for all common diseases of the Head.

Ayer's Cathartic Pills

Are the most perfect purgative which we are able to produce or which we think has ever yet been made by anybody. Their effects have abundantly shown to the community how much they excel the ordinary medicines in use. They are safe and pleasant to take, but powerful to cure.—Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart a healthy tone with strength to the whole system. Not only do they cure the every-day complaints of everybody, but also formidable and dangerous diseases. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and, being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief, were they not substantiated by men of such exalted position and character, as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of our remedies, while others have sent us the assurance of their conviction that, our Preparations contribute immensely to the relief of our afflicted, suffering fellow men.

The Agent below named is pleased to furnish gratis our American Almanac, containing directions for the use and certificates of their cures, of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from foul stomach, Nausea, Indigestion, Morbid Inaction of the bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Diseases which require an evacuant medicine. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body, or obstruction of its functions.

Do not be put off by unprincipled dealers with other preparations which they make more profit on. Demand AYER'S and take no others. The sick want the best aid there is for them, and they should have it.

A Bilious Fever.

A bilious fever is a serious complaint, but it is never a dangerous one if you have Radway's Regulating Pills at hand—as you should have if you would exercise ordinary prudence. Take six of Dr. Radway's Pills as soon as you find yourself afflicted with bilious fever, and in six hours take six pills more, if the first dose has not operated. The second dose will certainly have the desired effect. After that feel no alarm. All peril is over. Continue to take from two to four pills every day, until you are completely well. It will require but a few days to restore you to your wonted health and strength, for Radway's Pills do not prostrate the patient, and reduce him to a state of helplessness, while expelling the disorder from his system. They sustain him. They wholly differ in this particular from all other pills, which commonly exhaust nature so rapidly in their violent operation, as to do almost as much mischief as the disease itself. Bilious fevers are occasioned by a derangement of the liver. That important organ supplies the bile, without which the food we take into the stomach would never be properly digested. But even a common cold will sometimes disorder the action of the liver. Then it supplies either too much or too little bile, and bilious complaints are the consequence. Sometimes the jaundice, sometimes rheumatism, sometimes dyspepsia, costiveness, neuralgia, hysterics, fevers, &c., follow such a deranged action of the liver.—At such a time Radway's Pills become a peculiar blessing. They correct the action of the liver, and are in fact the only vegetable pills which can act in this manner, as a substitute for calomel. They "regulate" the action of the liver, and soon restore it to a proper activity—health succeeding as a matter of course. Hence, these are called Radway's Regulating Pills. They are always safe—always reliable.

N. B.—DR. SKINNER'S TREATMENT OF BILIOUS DISEASES.

New York, January, 1866.

DR. RADWAY & Co.:—I have, during the past four years, used your remedies, and have recommended them to others for BILIOUS COMPLAINTS, INDIGESTION, DYSPEPSIA, &c. I consider the Ready Relief and Regulating Pills unequaled. The Regulating Pills are mild in their operations and thoroughly effective.

The first dose should be large enough to purge, say four or five, and each successive dose be diminished one pill, until reduced to one, and then repeated every day for a week or ten days. A permanent cure will surely follow.

Yours, &c., DR. S. SKINNER.

Price of Radway's Pills, 25 cents per box.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.—These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually consumed by the ladies of the United States, every one of whom speaks in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the surest, safest, and most infallible preparation in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength.—Explicit directions stating when they may used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine.

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weaknesses. Sold by Druggists everywhere.

The Great English Remedy.

SIR JAMES CLARKE'S CELEBRATED FEMALE PILLS. Prepared from a prescription of Sir J. Clarke, M. D., Physician Extraordinary to the Queen. This invaluable medicine is unfailing in the cure of all those painful and dangerous diseases to which the female constitution is subject. It moderates all excesses and removes all obstructions, and a speedy cure may be relied on.

To Married Ladies it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

Each bottle, price One Dollar, bears the Government Stamp of Great Britain, to prevent counterfeits.

CAUTION.—These Pills should not be taken by Females during the FIRST THREE MONTHS of Pregnancy, as they are sure to bring on Miscarriage, but at any other time they are safe.

In all cases of Nervous and Spinal Affections, Pains in the Back and Limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics, and Whites, these Pills will effect a cure when all other means have failed; and although a powerful remedy, do not contain iron, calomel, antimony, or anything hurtful to the constitution.

Full directions in the pamphlet around each package, which should be carefully preserved.

Sold by all Druggists. Sole Agent for the United States and Canada,

JOB MOSES, 27 Cortland St., N. Y.

N. B.—$1,00 and 6 postage stamps enclosed to any authorized Agent, will insure a bottle, containing 50 Pills, by return mail. Sold by A. D. Buehler.

To Consumptives.

The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge,) with the directions for preparing and using the same, which they will find a SURE CURE FOR CONSUMPTION, ASTHMA, BRONCHITIS, COUGHS, COLDS, and all Throat and Lung Affections. The only object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription FREE by return mail, will please address

Soluble Pacific Guano.

200 LBS. SOLUBLE PACIFIC GUANO contains 70 lbs. *animal matter*, yielding 7 to 8 lbs. *ammonia.*
Also 80 to 90 lbs. *earthy bone Phosphate of lime*, 30 lbs. of which are *soluble phosphate.*
It combines all the advantages of the *best brands* of Super Phosphate, with those of Peruvian Guano.
By reason of its greater *concentration*, we recommend 20 per ct. less by weight to be used per acre, than of any fertilizer costing the same per ton; and no more per acre than of those selling at 20 per ct. more per ton.—Hence *its economy.*
This guano weighs 65 lbs. per bushel, hence in applying it farmers must be governed by weight and not by bulk, for it is much lighter than the Super Phosphates. *Every cargo duly inspected.*

"Flour of Bone."

WE will give a *money* guarantee of the *purity* of this article. It is pure *unsteamed, unburnt bone*, reduced to the *fineness* of *flour*, which adds 100 per ct. to its value. It is as *quick* and *active* as acid *dissolved bone*, hence its value is vastly greater, because it contains neither acid nor water, which necessarily add weight, and reduce the quantity of valuable elements. We recommend 250 lbs. to be used in place of 300 lbs. Super Phosphate or dissolved bone.

Bitter Wine of Iron.

AN exquisite impregnation of dry Spanish Wine with the activity of CALISAYA BARK, and the most energetic of all the ferruginous salts, CITRATE OF MAGNETIC OXIDE OF IRON. It has a vinous flavor, very grateful to the palate, is without chalybeate taste and will not discolor the teeth.
It excites languid appetite, gives zest to food, improves digestion, increases the strength, steadies the circulation, takes off muscular flabbiness, removes the pallor of debility, gives firmness and precision to the actions of the nervous system, with power to endure fatigue and resist disease.
MAGNETIC CITRATE of IRON is new and peculiar, differing from the ordinary Soluble Citrate, in containing an equivalent of Protoxide of Iron, in place of the Ammonia. It is neutral, tasteless, without astringency, as prompt and energetic as the Chloride, and unlike that, induces no local inflammatory action or headache.
CALISAYA BARK is pre-eminent among vegetable tonics, has no equal as a strengthener or restorative, nor rival as an anti-periodic.
Retails in $1 & $2 bottles, Quarts & Gallons for dispensing.

MOWERS & REAPERS.

THE undersigned is still Agent for the sale of MOWING AND REAPING MACHINES—both combined and single Mowers.
These machines can be used as Self-Rakers or Hand Rakers, as farmers may wish. They are made with *two* cutter bars, one for cutting grain with sickle knife—cutting five feet nine inches wide—and extra bar, with two knives, for grass,—cutting four feet six inches wide, having iron or wooden frames as desired.—They have two driving wheels and flexible finger bar.
The company building these machines have secured by lease and purchase, the control of all the desirable and standard patents now in use, among which are the
OHIO AND BUCKEYE PATENTS,
to which we direct special attention. In compactness, lightness of draft, excellence of workmanship and finish, combined with great strength and adaptation to all kinds of work, they will compete with, and we believe, surpass, any other machine now offered to the public.
Farmers would do well to examine these machines before purchasing any other. They will be sold as cheap as any other first class machine now manufactured, and we warrant them to give entire satisfaction or no sale.
☞Extras always kept on hand. Specimen machines can be seen by calling on the Agent, residing on the Harrisburg road, two miles north-east of Gettysburg.

THE HUBBARD.

THE undersigned are agents for the sale of Hubbard's celebrated Mowers and Reapers, both combined and single Mowers and Self-Rakers. Farmers would do well to examine our specimen machines before purchasing any other. We warrant satisfaction or no sale. The advantages of the Hubbard as a Mower, are its light draft, great strength, simplicity and durability, freedom from all side draft, no weight on the horses' necks, and is easy work for two small horses. The main features and advantages of the Hubbard as a Mower are retained in the Reaper, and can be changed from a Mower to a Reaper by changing three bolts and two shoe pins. The raker, with one easy natural motion, brings the grain towards him and deposits it in a compact sheaf in the rear of the machine, leaving ample room for the machine to pass next time around. The Self-Rake has no equal; it is a reel and a rake combined. The driver by use of a lever regulates the size of the bundle, and it can be worked in all kinds of grain from the shortest oats to the tallest rye; is very simple in construction, and less liable to get out of repair than any other Rake. They are made with two cutter bars, one for cutting grain with sickle knife, cutting five feet nine inches wide, and an extra bar, with two knives, for grass, cutting four feet eight inches wide. Extras always kept on hand. Specimen machines can be seen by calling on the agents, residing near Gulden's Station. Post office address, Granite Hill, Pa.

Various Matters.

William Lloyd Garrison thinks that President Johnson is a traitor and ought to be impeached. A brief extract from a speech of Garrison's delivered in New York a few years ago, will make manifest his eminent claims to sit in judgment on the loyalty of the Executive or of anybody else;

"No act of ours do we regard with more conscientious approval, or higher satisfaction, none do we submit more confidently to the tribunal of Heaven, and the verdict of mankind, than when, several years ago, on the Fourth of July, in the presence of a great assembly, we committed to the flames the Constitution of the United States!"

More Amendments.—In view of the fact that the Abolitionists in Congress have proposed some eighty odd amendments to the Constitution, a facetious fellow in Kentucky offers the annexed amendments for the consideration of the Constitution tinkers:

1. Every freedman shall have a bureau for himself, with a looking glass on the top of it, if he likes.
2. Every freedman shall have a secretary.
3. Every freed boy or girl shall have a wardrobe.
4. Every freed child shall have every thing it cries for.
5. White people, whether free or not, must behave themselves.
6. All people of every color, excepted red, must vote.

A colony of Maine emigrants, numbering about 120, will sail for Jaffa (the ancient Joppa) in the Holy Land, about the middle of July next. They will take out lumber and building materials, furniture, agricultural implements, &c., to start with. Their new home is situated in the midst of orange groves, lemon groves, pomegranate groves, fig trees, grape vines, date trees, and almost every description of Oriental fruit and shade trees.

The editor of the Salt Lake Telegraph says "that on 2½ acres Brigham Young raised last year 750 bushels of peaches, 400 bushels apples, 22 bushels of strawberries, 2 bushels of pears, 25 pounds of cherries, 1,825 pounds of grapes, and gooseberries, raspberries and currants in multitudes."

Reduction in Price

OF THE AMERICAN WATCHES, MADE AT WALTHAM, MASS.

In consequence of the recent great decline in gold and silver and all the materials used in the manufacture of our goods, and in anticipation of a still further decline, we have reduced our prices to as low a point as they can be placed

WITH GOLD AT PAR,

so that no one need hesitate to buy a watch now from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

MORE THAN 200,000 WATCHES,

have given our productions the very highest rank among time-keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together, we have been unable to supply the demand. We have repeatedly enlarged our factory buildings until they now cover over three acres of ground and give accommodation to more than eight hundred workmen.

We are fully justified in stating that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks engraved on the plate:

1. "American Watch Co.," Waltham, Mass.
2. "Appleton, Tracy, & Co.," " "
3. "P. S. Bartlett," " "
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co." Waltham, Mass.

7. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade marks or price,

ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that unlike the guarantee of a foreign maker who can never be reached, this warrantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham, are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

NEW FIRM,

AT THE OLD STAND. [ESTABLISHED IN 1817.]

I have associated with me, in business, my son, John F. McCreary, under the firm and style of D. McCreary & Son, and I desire to say to my old friends and the public generally that since the war, the manufacture of Saddles, Harness, Collars, &c., has been revived at the old established and well known stand on Baltimore street, one square south of the Court House, Gettysburg, Pa.

Having had an experience of 40 years in this establishment, I feel assured, that, with renewed attention to business, we can still further merit and receive a full share of public patronage. DAVID McCREARY.

With increased facilities for conducting our business, we are better prepared than ever to satisfy the wants of all those who may need anything in our line. We especially call the attention of Farmers and others to the superior quality of our

Plain or Quilted Seat Horn Saddles,	Side Leathers,
Plain or Quilted Seat no Horn,	Hames, all kinds, with or without fastenings
Plain or Quilted Seat Side Saddles,	Housings,

In short, everything that pertains to a first class general horse furnishing establishment constantly on hand or made to order promptly, of the very best material, and by the most experienced workmen in the country, (two having worked in this establishment for the last thirty years.)

We are now manufacturing an excellent lot of Heavy Draft and Harness Collars for those who prefer our own to city made work.

Repairing of all kinds, done at short notice and on reasonable terms.

All are cordially invited to call and examine for themselves, as our work cannot fail to recommend itself.

New Goods at Grimes's.

JAMES A. GRIMES, in York street. Gettysburg, has just received a large lot of new GROCERIES, &c., which, having bought for cash, at the latest reduced prices, he is prepared to offer cheaper than they have been sold here for several years. His assortment is very full, embracing the most choice articles in his line, to prove which he asks his old customers and the public generally to call and *examine for themselves.* His

COFFEES, TEAS, SUGARS,
SYRUPS, MOLASSES,
FRUITS, NUTS, CONFECTIONS,
TOBACCOS, SEGARS, &c., &c.,

he is certain will please all who may try them, and he therefore asks purchasers, from town and country, to give them a trial before buying elsewhere. He is determined not to be undersold by any other establishment.

His large stock of

FANCY ARTICLES

is kept full by constant additions, and everything in that line can at all times be had good and cheap. Indeed, he flatters himself that his Store, containing as it does so large a variety of Goods, all new and in the best condition, cannot but be looked upon as among the most attractive in town. By attending closely to business, and selling at small profits, he is doing a handsome business, and will spare no effort to increase it by giving satisfaction in all cases. [March 19, 1866.

Barron's Safety Lamps,

AND LIG-RO-INE (Red) FLUID.
PATENTED.

THIS Lamp apparently burns *without anything to feed it.* It has, however, a material which absorbs the liquid and gives it to the flame, partly from the wick, and partly in the form of gas, but so as to produce perfect combustion, and is very economical and safe.

It is used without a chimney, and perfectly trimmed, does not smoke or smell; it is therefore especially adapted to the purposes of a "run about," night, nurse, shop or hotel lamp, or lantern. The cost of broken chimneys, alone, will more than pay the cost of this lamp. Every family needs one or more.

"It is just what I have been long looking for," writes a model house-keeper.

"I should hardly know how to do without it," writes another.

"A perfect contrivance," writes a third.

"Let those who are skeptical try it," writes a fourth.

BELL'S
Concentra'd Flavoring Extracts!

EQUAL to any in the market and superior to many, in larger bottles, and at old prices.

Wholesale agents for Baltimore,
BURROUGH BROS.,
Wholesale Druggists.

LIST.—Lemon, Orange, Vanilla, Rose, Peach, Nutmeg, Celery, Allspice, Cloves, Ginger, Birch, Cinnamon, Apple, Mulberry, Pine Apple, Banana, Mace, Raspberry, Pear, Pepper, Parsley, Strawberry, Bitter Almond, and Savory spices.

The great difficulty heretofore experienced in procuring true Flavoring Extracts, has induced the proprietor to spare no pains or expense in giving to the public an article which will be found true to its name, and which will in no instance be a source of disappointment.

It will be observed that our extract of Lemon and Orange is a prepared extract from the Peel, which any one may be convinced of by merely smelling them.

The price of Vanilla Beans, too, has caused more useless Extract of Vanilla to be manufactured and sold than any other essence; being either made from Tonka Beans, or some other fictitious compound. In our Extract we WILL GUARANTEE A PURE ARTICLE! made from the true Bean, without any foreign substance whatever.

Bell's Worm Syrup.

THE MOST INNOCENT, PLEASANT AND EFFICIENT REMEDY IN USE.—A REMEDY PERFECT IN ITSELF.—*No Castor Oil to be Taken.*—In this Preparation we have included such remedies only as have been tried for years and are known to possess powerful anthelmintic virtues, combined with mild aperients, pleasant aromatics and sugar. Anthelmintics of themselves cannot perform their peculiar functions or have the desired effect, unless the bowels are kept moderately open. To produce this, gentle purgatives are necessary and such only ought to be used that cannot interfere with the anthelmintic employed. The advantages we claim for this Syrup are:

1st. Its power of DESTROYING AND EXPELLING WORMS!

2d. Its mild aperient effect upon the bowels.

3d. Its pleasant taste and odor are advantages possessed or claimed by very few Vermifuges.

4th. Its harmless influence upon the system, consequently no injurious effects will result from its use should the patient have no Worms, but an apparent disease, arising from some other unknown cause, which is frequently the case.

The constituents of this Syrup and its effects are known to many Physicians, who are now using it in their practice to a large extent.

Price 25 cents a bottle.

The Greatest Liniment in Use.

BELL'S WHITE OIL!—*The Blandest, Cleanest, most Penetrating and most Economical Liniment in Use.*—A powerful Oleaginus Compound for the Speedy Cure of Rheumatism, Strains, Sprains, Wounds, Numbness of the Limbs, Frosted Feet and Hands, Spavin, Saddle Galls, Poll-Evil, Ring Bone, Bruises, Swellings of all kind, and in fact every disease for which an Embrocation is applicable, either in Man or Beast. Price 25 cents a bottle.—This preparation, which is original with us, will be found to be one of the nicest and at the same time one of the most reliable applications extant.

Having been employed very extensively since its introduction and feeling satisfied of its remedial properties, we recommend it with the utmost confidence, knowing that no one will be disappointed in its use. It is, as its name implies, a white liniment of the consistency of cream, containing nothing offensive, but, on the contrary, will be found more pleasant than otherwise.

Bell's Alterative,

OR CONDITION POWDERS!
FOR HORSES, CATTLE & SWINE.
25 cents a paper, or five papers for $1.

The immense sale of these Powders during the short period they have been before the public, is a sufficient guarantee of their great popularity, and the decided benefits derived from their use.

They are confidently recommended not only as a preventive, but as a complete cure for all diseases incident to the HORSE, COW or HOG, as Loss of Appetite, Coughs, Heaves, Yellow Water, Distemper, Glanders, &c, &c.

By their use the Horse's Appetite is improved, all derangements of the digestive organs corrected, softening the skin, and giving to the coat a sleek and shining appearance, and may be used with perfect safety at all times, as it contains no ingredients which can injure a horse, whether sick or well.

They cleanse the breathing apparatus by ejecting from the air cells coagulated matter, or that formation which so severely clogs them, causing a tightness in breathing, and by their peculiar action on that part, they cause the mucus membrane to resume its natural dimensions, thus equalizing the circulation of the blood and restoring the distended vessels to their natural size.

For fattening cattle they are invaluable, also possessing peculiar properties in increasing the quantity of milk in Cows, thereby giving them an importance and value which should place them within the hands of all interested.

All diseases to which the Hog is subject, as Coughs, Ulcers in the Lungs and Liver, and as a general purifier of the blood we guarantee their efficacy if once fairly tried.

Sold at Gettysburg by A. D. Buehler, Apothecary, and by Druggists and Storekeepers generally. Ask for Bell's Preparations.

FOUTZ'S
CELEBRATED
Horse and Cattle Powders.

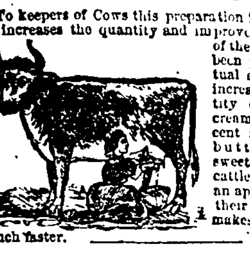

This preparation, long and favorably known, will thoroughly reinvigorate broken-down and low-spirited horses, by strengthening and cleansing the stomach and intestines.

It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER, HEAVES, COUGHS, DISTEMPER, FEVERS, FOUNDER, LOSS OF APPETITE AND VITAL ENERGY, &c. Its use improves the wind, increases the appetite—gives a smooth and glossy skin—and transforms the miserable skeleton into a fine-looking and spirited horse.

To keepers of Cows this preparation is invaluable. It increases the quantity and improves the quality of the milk. It has been proven by actual experiment to increase the quantity of milk and cream twenty per cent and make the butter firm and sweet. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

In all diseases of Swine, such as Coughs, Ulcers in the Lungs, Liver, &c., this article acts as a specific. By putting from one-half a paper to a paper in a barrel of swill the above diseases will be eradicated or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera.

Price 25 Cents per Paper, or 5 Papers for $1.

CHOLERA PREVENTIVE!

I.
X. 1866. L.

THE GREAT ZINGARI BITTERS.

THIS WONDERFUL REMEDY was discovered and introduced about twenty years ago by Dr. S. Cheopsus, an eminent Egyptian physcian.

He had long seen and felt the want of some remedy which would strike at the root of disease, and so prevent much of the suffering which the human family was then compelled to endure.

The great question was presented to his mind every day in vivid colors as he moved among the sick and dying, and observed the inefficiency of nearly all the remedies then in use. Thus he was lead to think and experiment; and after ten years of study and labor, he presented to his fellow man the wonderful Zingari Bitters. The effect of this preparation in the prevention and cure of disease, was so marvellous and astonishing, that the most flattering marks of royal favor were bestowed upon him who discovered it. His name was placed upon the Roll of Nobles, and a gold medal with the following inscription—Dr. S. Cheopsus, the Public Benefactor—was presented to him by the Viceroy.

The preparation has been used in several epidemics of cholera, both as a preventive and curative measure, and with such great success that it has been introduced into nearly all the general hospitals of the old world.

The old saying that an ounce of prevention is worth a pound of cure, applies with marvellous force to cholera, and therefore any remedy that will protect us against this terrible disease should be freely and persistently used.

All pathologists now agree that the cholera poison acts on the system through the blood, and that any combination which acts on the excretory organs, and keeps them in working order, must prevent a sufficient accumulation of the poison to exert its terrible effects on the organism. This is true not only of cholera, but of nearly all other maladies, especially the different forms of fevers.

The Zingari Bitters is just such a remedy as the above conditions require. It acts on the organs of excretion and secretion, keeping up a perfect balance between them. This Bitters is composed entirely of roots and herbs, so nicely concocted that every organ is acted upon and put in tone. Its taste is pleasant and its effects prompt and lasting.

Numerous cases of the following diseases have been cured by it: Cholera, Diarrhoea, Typhoid and Typhus Fever, Fever, Ague, Nervous Debility, Anaemia, Female Irregularities, Dyspepsia, Flatulency, Colic, Scrofula, &c.

Price, one dollar per quart bottle.

ANOTHER GREAT CURE

IN THE CITY OF NEW YORK,

Of a highly respectable citizen, well known to the Mercantile community, by

DR. J. H. SCHENCK,

THE GREAT LUNG DOCTOR OF PHILADELPHIA.

Office N. Y. and Galena Lead Co.,
No. 28 Nassau St., N. Y., June 1, '65.

Dr. J. H. Schenck—Dear Sir:—For over fifteen years I have been troubled with a severe cough, and usually two or three times a year with more or less hemorrhage, which together, for the last few years, has kept me thin in flesh and too weak to do business of any kind without suffering. In August last I had a very severe hemorrhage, and, according to the judgment of a good New York physician, I was classed as beyond the reach of medicine, and was advised to be prepared, so far as property matters were concerned, to leave this world at short notice. The physician (and my good friends) said that the first cold I took must prove fatal. Early in January I took a severe cold, and fortunately was occupying rooms at No. 32 BOND STREET, directly over your office. I think about the 16th of January I procured a bottle of your Pulmonic Syrup and commenced taking it freely. My feet and limbs were very much swollen, and all the symptoms of a speedy death seemed to accompany my cold. I sent for my former physician, and stated to him that I was taking your medicines, and after showing them to him, and having tasted of them, &c., he replied: "You can take them if you like, they will do you no harm." He said: "You know what I said to you last summer, and I say the same now if you have any business to close up, do not put it off." He said to other friends that he "could see no hope for me," and my friends and relations concluded my time had come. At this time I was taking freely of your medicine, but had not seen you. The doctor called a few times, and found me (much to his surprise, he said,) improving, and he could not understand why. My faith was increasing in your medicines, and I had a wish to have you examine my case, and see what you had to say. When you first came to my room and made the examination, you gave me but little encouragement, but on the contrary, expressed sad doubts of my ever being helped out of my then seeming difficulties. The second time that you called, finding me still gaining, you gave me encouragement, saying, "my symptoms were improving; the Pulmonic Syrup, Sea-weed Tonic and Mandrake Pills had acted like a charm." My circulation, my cough, my appetite, all began to improve, and I could walk about my room a little. You visited me nearly every Tuesday, and found me improving, and told me not to go out of my room until the first day of May. I took no cold while under your treatment, my appetite became first-rate, and you told me to eat everything I wished of a nutritious nature, and to exercise about the room as much as possible. I followed your advice, and to the surprise of my old physician and friends, I seem much better than I have been for several years, and breathe better than I ever expected a person could with one lung, the left being completely dried up. I feel very grateful to you, and consider your advice and medicines invaluable.

Yours, truly, T. S. SHELDON.

Dr. Schenck—Dear Sir:—About two years ago I was taken with a very troublesome cough and a pain in my breast; seven or eight months passed away without my doing anything for myself. Then I applied to a physician, who attended me for about three months without rendering me any service. I also obtained the advice and treatment of a physician in one of our hospitals, and also had the advice and treatment of two other physicians, but all to no purpose. During this long space of time I was nearly dead; several times my friends came to see me and witness my exit into the spirit-world. I was confined to my bed two months at one time. My breathing was exceedingly short. I gave up several times all hope of getting better; and as regarded getting well, that was entirely out of the question.—And to think this day I am well and hearty!—I was advised by some of my friends to try Dr. Schenck's Medicines. I accordingly bought bottle after bottle, until I reached the ninth; then I found a decided change in my cough for the better. I suffered severely from palpitation of the heart, and two weeks after I commenced taking your medicine this difficulty ceased.

When I first went to Dr. Schenck's office it was with difficulty that I could get up into his reception room, I was so weak and so swelled; my skin was as sallow as though I had the jaundice; I felt dull, heavy and sleepless. Dr. Schenck, after examining me, said both my lungs were affected, and gave me but little hope; but his medicines in about two weeks, took right hold of me; it seemed to go right through my whole system. The Pulmonic Syrup, Sea-weed Tonic and Mandrake Pills, all took right hold in the right place. The Pills brought away great quantities of bile and slime; the Syrup loosened the matter in my lungs, which came off very free; the Sea-Weed Tonic gave me an appetite, and everything seemed to taste good.

To show what great power the medicines have in purifying my system, and to show how bad I was diseased, beside all the bile that passed my bowels, and the great quantities of phlegm and matter I expectorated, I broke out all over in large boils that would continue to gather and run for about six weeks, and I had at one time over twenty-five boils. I have nothing of the kind now, and feel like another person altogether. I can safely say that I have not enjoyed such health for five years as I do now, and cannot praise you and your medicines enough. May God abundantly bless and preserve you, is the sincere desire of one who has been so wonderfully relieved through your agency; and if any one desires to know with regard to the truthfulness of this report, if they will call upon any of my friends, or upon me, No. 4 Dryden Place, near Thompson street, below Cadwalader, Philadelphia, they will be perfectly satisfied with the validity of the case. Yours, with much respect,

MARY SCHNAIDT.

The above case, as described, is perfectly correct. I know it to be true. Yours,

T. B. MILLER,
Pastor of Hancock M. E. Church.

Dr. Schenck will be professionally at his principal office, No. 15 North Sixth street, corner of Commerce, Philadelphia, every Saturday, from 9 A. M. until 4 P. M.; No. 32 Bond street, New York, every Tuesday, from 9 to 3; No. 38 Summer street, Boston, Mass., every Wednesday, from 9 to 3; and every other Friday at 108 Baltimore street, Baltimore, Md.—All advice free, but for a thorough examination of the lungs with his Respirometer, the charge is three dollars.

Price of the Pulmonic Syrup and Seaweed Tonic, each $1 50 per bottle, or $7 50 per half dozen. Mandrake Pills, 25 cents per box.
